

Ayman Iktidar

01783068186 | iktidar55@gmail.com | [GitHub](#) | [My Portfolio](#)

Education

Chittagong University of Engineering and Technology <i>Bachelor of Science in Computer Science</i> <i>Relevant Coursework:</i> Data Structures and Algorithms (C++), Discrete Mathematics, Operating Systems, Database Management Systems, Object-Oriented Programming, Software Engineering, Machine Learning	<i>Feb 2019 – Jun 2024</i> CGPA: 3.52 / 4.00
Chittagong College <i>Higher Secondary Certificate in Science</i>	<i>2016 – 2018</i> GPA: 5.00 / 5.00

Professional Experience

Lecturer, Department of Computer Science and Engineering <i>Chittagong Independent University (CIU)</i>	Jan 2025 – Present
Adjunct Lecturer, Department of Computer Science and Engineering <i>International Islamic University Chittagong</i>	Sept 2024 – Dec 2024

Research Areas

- Natural Language Processing
- Multi-modal Deep Learning
- Computer Vision
- Bio-informatics

Projects

Translaton	<i>Next.js, Tailwind CSS, Node.js, Express.js</i>
• Built a real-time translation application that captures speech input and translates it into the user's preferred language. • Implemented automatic speech recognition, transcription, and translation using the Google Cloud Speech API; deployed on Vercel.	
Project Management System	<i>React.js, Bootstrap, Node.js, MongoDB, GraphQL</i>
• Built a full-stack project management platform enabling users to create, edit, and delete projects, with GraphQL powering efficient data retrieval. • Designed a responsive UI with Bootstrap and a Node.js/MongoDB backend for persistent storage.	
Golpo	<i>React.js, Node.js, MongoDB, Express.js, Socket.IO</i>
• Developed a real-time chat application supporting instant messaging, emojis, and custom user avatars using Socket.IO.	

Achievements

Judge, World Robot Olympiad (Regional Round)

- Invited to evaluate innovative robotics projects and provide expert feedback to participants, enhancing overall event quality.

Second Best Paper Award – ICEEICT 2024

- Recognized for the transformer-based approach presented in “*Towards Developing an Automatic Punctuation Prediction Model for Bangla Language.*”

Competitive Programming

- Solved 600+ problems across multiple competitive programming platforms.
- Participated in 50+ online contests across various coding platforms.
- Codeforces: **Ikti55** (Max Rating: 1375) | LeetCode: **Night Walker**

Technical Skills

Languages: C, C++, Python, JavaScript

Frameworks & Libraries: React.js, Next.js, Nest.js, Express.js, Redux

ML/DL: TensorFlow, PyTorch

Databases & Backend: Node.js, MongoDB, GraphQL

English Language Proficiency

IELTS – Overall Band: 7.5

Reading: 8.0 | Listening: 7.5 | Writing: 7.0 | Speaking: 6.5
